

VIBHOO VISHWAKARMA

Frontend Developer (React.js)

+91-9198120291 | vibhoovishwakarma@gmail.com | github.com/VIBHOO12 | linkedin.com/in/ervibhoovishwakarma

PROFESSIONAL SUMMARY

Frontend Developer with 9+ months of hands-on experience building scalable, responsive web applications using React.js, JavaScript (ES6+), and Tailwind CSS. Delivered 25+ reusable UI components and integrated 18+ REST APIs across live, real-traffic products, improving load performance and cross-device consistency. Full-stack foundation in Java, Spring Boot, and MySQL, with hands-on exposure to Generative AI through an in-progress AI-powered resume analysis platform. Seeking a React.js Frontend Developer role to build fast, reliable, user-focused web experiences.

TECHNICAL SKILLS

Frontend: React.js, JavaScript (ES6+), HTML5, CSS3, Angular, Responsive Web Design, Component Architecture

React Ecosystem: React Hooks, Functional Components, Axios, REST API Integration, Tailwind CSS, Bootstrap

Backend & Database: Java, Spring Boot, REST API Design, MySQL

Tools & Platforms: Git, GitHub, Postman, VS Code, IntelliJ IDEA, Netlify, Vercel

Emerging Tech: Generative AI, Agentic AI, AI-Assisted Development

EXPERIENCE

Frontend Developer Intern — Vithal Visions Pvt Ltd (Remote) Aug 2025 – Apr 2026

- Built and shipped a production React.js web application on a scalable, component-driven architecture, supporting live users with a stable, reliable UI.
- Engineered 15+ reusable, responsive React.js components using Hooks and ES6+, cutting code duplication by an estimated 30% and speeding up feature delivery.
- Integrated 8+ REST APIs via Axios for dynamic data rendering, enabling seamless frontend-backend communication and real-time UI updates.
- Delivered pixel-perfect, responsive layouts with Tailwind CSS and Bootstrap, ensuring consistent UI across mobile, tablet, and desktop.
- Diagnosed and resolved UI bugs while optimizing load performance, improving cross-browser compatibility and overall user experience.

Frontend Development Intern — Infosys SpringBoard (Remote) Mar 2024 – Jun 2024

- Built 10+ Angular components for dashboards, forms, and user interfaces, applying component-based architecture to improve reusability and maintainability.
- Integrated real-time API data into frontend interfaces and contributed to code reviews that improved usability and responsiveness.

PROJECTS

CineVestor Platform | React.js, REST API, Tailwind CSS

- Built the responsive React.js frontend for a production-level entertainment investment platform handling real user traffic.
- Integrated 10+ REST APIs for dynamic content rendering, optimizing load performance and cross-device compatibility.
- Developed modular, reusable components that improved maintainability and accelerated future feature development.

Medication Tracker | React.js, Spring Boot, Java, MySQL

- Built a full-stack healthcare application with CRUD operations and persistent MySQL storage for managing daily medication schedules.
- Designed secure REST APIs with Spring Boot and a responsive React.js UI with Tailwind CSS, deployed live on Vercel for real-world use.

AI Resume Analyzer (In Progress) | React.js, Spring Boot, MySQL, Generative AI

- Building an AI-powered platform with a React.js frontend and Spring Boot backend to analyze resumes and support interview preparation.
- Applying Generative AI to generate personalized feedback, translating emerging AI skills into a working full-stack application.

Matrimonial Application | Angular, REST API, Git

- Developed 12+ Angular components for registration, profile management, and matchmaking with real-time API data display.
- Designed mobile-first responsive layouts and managed version control and team collaboration via Git & GitHub.

EDUCATION

B.Tech in Information Technology 2020 – 2024

Institute of Engineering & Technology (I.E.T), Dr. Ram Manohar Lohia Avadh University, Ayodhya

CERTIFICATIONS

- Full Stack Java Development — CETPA Infotech Pvt. Ltd.
